TRANSFORM LEARNING SPACES

DISCOVER THE PRODUCTS:

CURVED LOUNGE

Curved Lounge

Curved configurable seating options can be mixed and matched to create learning zones. Combine with Ottomans or Work Surface pieces from the Linear Lounge Seating Collection to create collaborative spaces for small groups or nooks for individual work.

Ted Table

This personal work surface was designed specifically for convenience and durability in K-12 learning spaces. Sturdy metal frame has a low-profile U/V-shaped base that slides easily under our Soft Seating or around the glides. Pull this down-sized work surface (13" x 16") right up to one of our Linear or Curved Lounge Sofas or Chairs in a media center, lounge or learning hallway. 26" overall height. Three top shapes: Home Plate, Half Moon, and Soft Rectangle.

Curve S Shape Table

Designed to work with our Curved Lounge Seating or on their own. Available with adjustable post legs in juvenile (13" - 18"), table height (19" - 29") or standing height (27" - 42") and fixed height legs (25", 27", 29", 36" and 42") with a variety of painted finishes. Add glides or casters for easy mobility.

DISCOVER THE PRODUCTS:

LINEAR LOUNGE

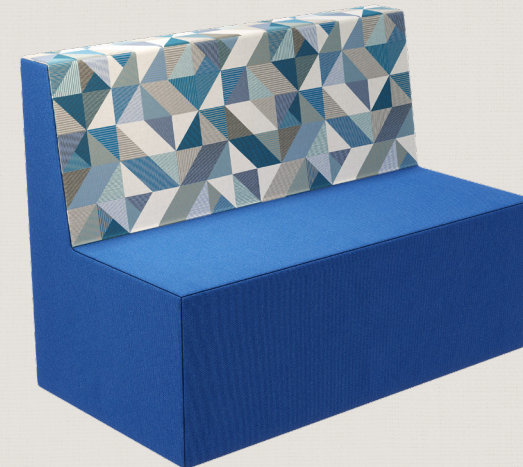

Corner Lounge

The Corner Linear Lounge is your building block for creating dynamic, student-centered spaces. This piece mixes and matches seamlessly with Ottomans and Work Surfaces from the Nested Lounge Seating Collection. Design cozy nooks for focused work or open zones for small group collaboration—the possibilities are as flexible as your learners.

Linear Lounge

Configurable seating options from 24" - 60" wide can be mixed and matched to create learning zones. Combine with Ottomans or Work Surface pieces from the Nested Lounge Seating Collection to create collaborative spaces for small groups or nooks for individual work.

Wedge Ottoman

Matching Ottomans in Square, Wedge + Round help connect the pieces in corners or create interesting shapes. Add a laminate-clad work surface to any ottoman.

Chair

Artcobell Soft Seating brings comfort to learning spaces. Our Free-Standing Lounge Chair features a stylish, modern design that works in any setting. An ample gap between the back and the seat makes cleaning easy and eliminates "stash" zones. Use with either of our couches or by itself.

Sofa

Our Free-Standing Sofas offer stylish, modern designs in two sizes – 48" and 60". An ample gap between the back and the seat makes cleaning easy and eliminates "stash" zones. Use alone or in groups around a cafe table for small group learning or lunch.

Incorporate lounge seating into your learning environments.

DISCOVER THE PRODUCTS:

MOBILE LIBRARY SHELVES

Curved + Linear Mobile Library Shelves

Get creative with media center and library layouts! Linear and Curved profiles can be mixed or matched for endless options. Heavy-duty shelving can handle a full load of books or supplies. Concealed, non-locking casters make it possible to move units even when loaded. Available in 42" and 48" heights.

Artcobell Mobile Shelving works in classrooms, learning hallways, media centers, and more.

MOBILE LIBRARY SHELVES

Mobility helps optimize the use of space. Instead of dedicating fixed areas to specific tasks, mobile equipment can be stored away when not in use, freeing up space for other activities.

DISCOVER THE PRODUCTS:

THE LEARNING LOOP

Curved Bench

The Curved Bench is designed especially to nest up next to our Radiused Mobile Shelving to create a perfect space for reading quietly or just hanging out. It can also be used with our Rectangle Bench. It is available in 14" and 18" heights.

Curved Mobile Shelves

Single-Faced Radius Cabinets feature adjustable shelves on one side and a metal back, available in various paint finishes. They come standard with heavy-duty magnets for docking and matching edge bands on the outer sides. They work together with the Single-Faced Linear Cabinet and are available in 42" and 48" heights.

Round Shape Table

Artcobell Shape Tables are stylish and sturdy, providing variety for any learning space. The Round in 36", 42", 48" and 60" diameter offers plenty of space for students to work together. Available with adjustable post legs in juvenile (13"-18"), table height (19"-29"), or standing height (27"- 42") and fixed height legs (25", 27" and 29") with a variety of painted finishes. Add glides or casters for easy mobility.

Multi-Media Table

Artcobell Shape Tables are stylish and sturdy, providing variety for any learning space. Multi-Media Table has a 48" x 72" work surface, which makes presenting and collaborating a breeze. The tapered sides bring teams together; add a monitor for virtual meetings and shared screens. Available with adjustable post legs in juvenile (13"–18"), table height (19"–29"), or standing height (27"–42") and fixed height legs (25", 27" and 29") with a variety of painted finishes with various inserts, or use two café bases instead. Add glides or casters for easy mobility.

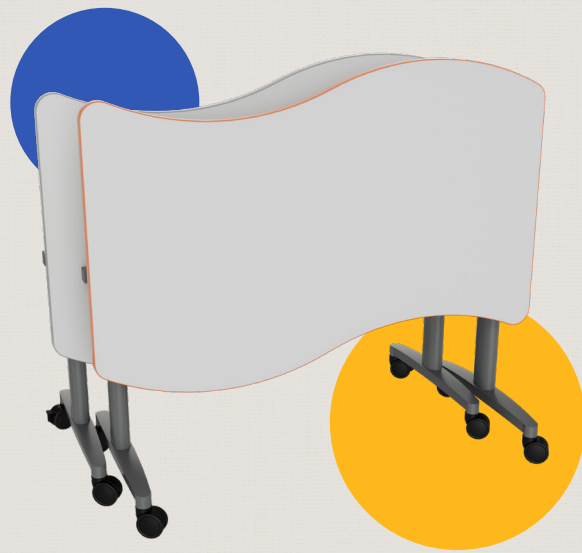

DISCOVER THE PRODUCTS:

SHAPE TABLES

Puddle Shape Table

Artcobell Shape Tables are stylish and sturdy, providing variety for any learning space. The Puddle Shape Table has an ample 60" work surface that can support 4-8 people. It is available with adjustable post legs in juvenile (13"-18"), table height (19"-29"), or standing height (27"-42") and fixed height legs (25", 27" and 29") in a variety of painted finishes. Add glides or casters for easy mobility.

Flip-Top Nesting Table

Flipping and nesting tables offer the best in versatility. Flip down when you need more work space. Flip and nest out of the way when you don't. Use a markerboard surface and your table becomes a presentation board. Standard in 29" height; 25" and 27" heights available. Available in three shapes: Expanse, Rectangle, and Chevron.

Aperture Shape Table

With its unique offset shape (24" x 40"), Aperture can be used to create endless configurations for one, two, or multiple students sitting together or in fun clusters. It is available with adjustable post legs in juvenile (13"-18"), table height (19"-29"), or standing height (27"-42") and fixed height legs (25", 27" and 29") in a variety of painted finishes. Add glides or casters for easy mobility.

A collection of organic shape tables that work individually or intuitively combine with others.

DISCOVER THE PRODUCTS:

GENIUS BAR

2-Step

The 2-Step is ideal for lounging or listening. Use it individually or combine several to create mini-stadium seating for a group. It has the same footprint as the 3-Step and can be used with the 38" Ottoman.

NXT MOV Four Leg Stool

The NXT MOV Four Leg Stool offers a completely new option for cafeterias and taller work spaces. The ground-breaking, patented design provides best in class comfort and style. The 2-part shell design enables the seat back to move independently from seat, allowing the body to move in many ways. Poly shell available in 24" and 30" seat heights. Choose a single color for seat and back, or mix-and-match.

Rectangle Shape Table

The standby Rectangle shape comes in 12 different sizes from 18"x48" to 36"x72". Available with adjustable post legs in juvenile (15" - 20"), table height (19" - 29") or standing height (27" - 42") and fixed height legs (25", 27", 29", 36" and 42") with a variety of painted finishes. Add glides or casters for easy mobility.

Maker Space Cabinet

Artcobell offers heavy-duty storage that's mobile, flexible and multi-functional. Built-in rails accept tote trays in 3 sizes (3", 6" and 12" heights). Two-column setup in 30" and 42" heights. Three-column setup in 42" height. Locking Door Kits are available for all sizes. Used totes at student desks during the day and lock them up at night.

Floorwork

When learning happens from the ground up, PIXELS, SPOTS, Pads, Barrels, Wedge, Cube, and the Alphabet FLOT chair make floorwork more comfortable—individual or group seating for small or large spaces.

Mobile Cubbies

Smart storage meets flexible seating. Available in three sizes, this mobile unit combines storage and seating with a removable seat pad featuring a gripper bottom. Cubbies are sized to fit maker space trays, and 75mm locking casters make it easy to roll wherever learning happens.

Alphabet Task Chair

The refined design of Alphabet Seating supports the many ways that students move with best-in-class strength and durability. The Alphabet Task Chair features easy to use controls such as pneumatic seat height adjustment and 360 degree swivel for added comfort. Chair seat heights range from 16"-21" and is a perfect matching solution for teachers.

CY Computer Table

The classic CY series computer table is available in 8 sizes (from 24"x36" to 30"x72") for computer rooms, technology zones, teacher workstations, training areas or offices. Features a "trough" for cord management in technology centers. Adjustable height legs (25"-32"). Add casters for easy mobility.

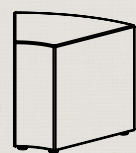

Round Café

The Round Café Tabletop is available in 30", 36" and 42" top sizes. Pair it with the slim X-Base Café column in 30", 36" and 42" heights for traditional seated height or café/bistro set-ups. Also available: Disc Café Base in 30" or 42" heights. Tops are high-pressure laminate with edge banding. Painted bases are offered in titanium and black.

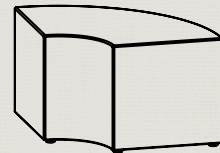

Arcs

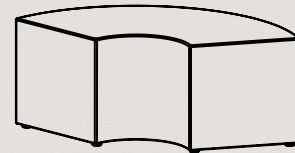

The Arcs collection features four configurable pieces that can be used to build all kinds of shapes, from circles to snakes. Can be combined with Rounds, Squares and Rectangle benches. Available in 14" and 18" heights.

Nebula Bench

This curvaceous shape mimics the outline of our popular Nebula Shape Table. The intelligent curve comfortably nests up to Nebula, Gravity, Expanse, and Nova Shape tables. It is available in 14" and 18" heights.

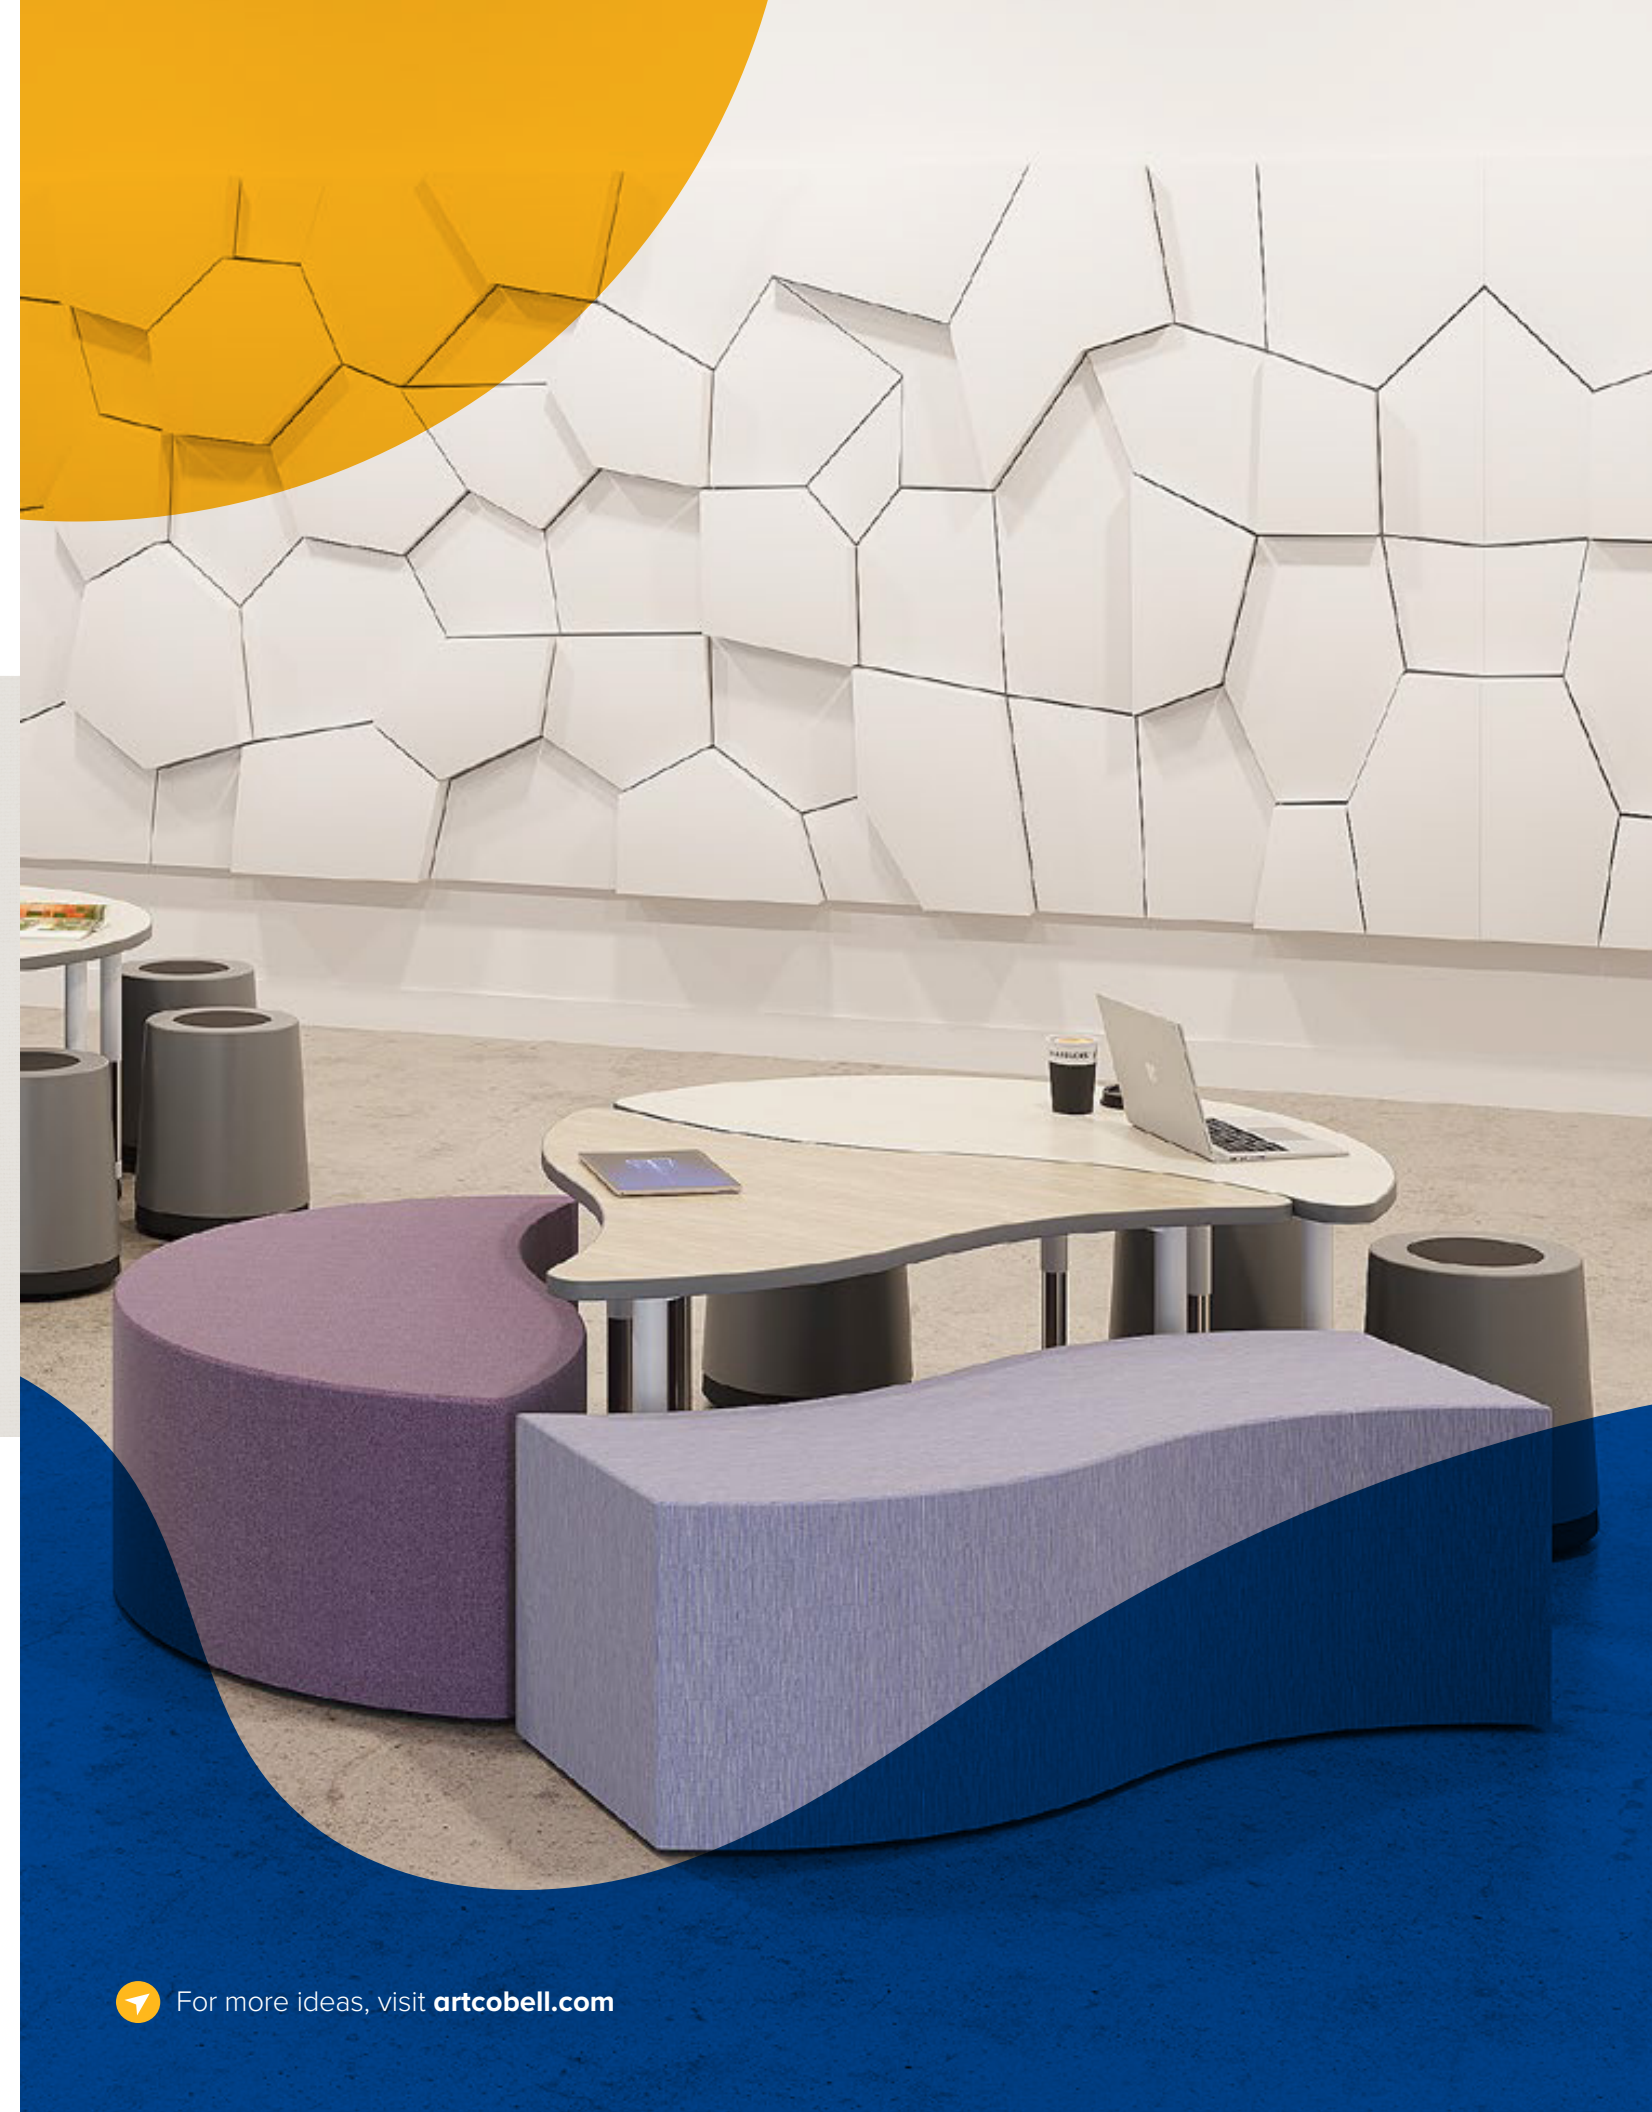

Expanse Bench

This innovative shape features the same parallel curve as our popular Expanse Shape Table. The intelligent curve comfortably nests up to Nebula, Gravity, Expanse, and Nova Shape tables. It is available in 14" and 18" heights.

Rectangle Bench

The Rectangle Bench is a simple shape with a multitude of uses. It is available in two lengths—42" and 48"—and two heights—14" and 18". Benches work with all the Arcs; the 42" length nests up to our Mobile Shelving to create a reading nook.
