## PRODUCTS

- + [Soft Seating – Arcs, Rounds, Benches and Ottomans](#)
- + [MOV Stools](#)
- + [Alphabet Seating](#)
- + [Discover Stools](#)
- + [Shape Student Desks](#)
- + [Maker Space Tables](#)
- + [Teachers Desk](#)

## PROJECT

Size: 130,000 SF renovation and 70,000 SF addition  
Number of students: 1,350  
7th + 8th grade

## DESIGN INTENT

The collaborative conversion project needed to promote student success through thoughtful design, and to accommodate growth. Renovations would increase the capacity to 1,350 and serve both seventh and eighth graders.

## SOLUTION

The new building had to meet current Fairfax County Educational specifications while allowing essential modifications and remaining cost-effective. With a true, 21st century model of learning, Rocky Run Middle School is a welcomed facility for the community of Chantilly.
