## VALUE FOR REAL-LIFE DEMANDS

At Artcobell, our **only** business is school furniture.

- » We're passionate about designing and building school furniture that supports teachers and students now and into the future. Our products **stand the test of time**: since 1965, we have consistently produced high value school furniture that holds up to the real-life adventures of day-to-day activity in the classroom and throughout the school.
- » We're **Texas-based, USA made**, and because we're nimble and domestic, we can react quickly to your needs with just-in-time production that is ready to go when you place your order.

Our furniture is stringently tested to meet all the needs of **dynamic, active learning environments**. Everything we make meets or exceeds industry best BIFMA furniture standards and comes with SCS Indoor Advantage Gold IAQ certification. All is backed by our limited lifetime warranty against any manufacturing defects.

Our focus on local suppliers keeps our carbon footprint lower and gives us a reliable source of raw materials, allowing us to offer **competitive pricing** and the **shortest lead times** in the industry. Our full vertical integration assures we are not dependent on an overseas supply chain. **Controlling our manufacturing destiny guarantees quality, lead times, and the customers' peace of mind.**

An Artcobell dealer near you is dedicated to making your projects a success, offering project management from design to install and through the first day of school. We work with our dealer network to be:

- » flexible and responsive: uniquely organized to provide personalized solutions and **respond to your needs** quickly and creatively.
- » consistent and reliable: delivering what you need when you need it.
- » trained problem solvers: providing the tools to help schools navigate the demands of selecting the right products to meet today's learning strategies.

**TRANSFORM LEARNING SPACES.  
TRANSFORM LEARNING!**

**Active classrooms** are mobile, flexible, and configurable for a variety of activities.

Use this look book to re-imagine your learning spaces and plan your transformation.

Scan or click to tour Artcobell's virtual classrooms: six different spaces each with suggested layouts for collaborative, project-based, and individualized learning activities.

### UPPER INTERMEDIATE/SECONDARY: 4-12

**THE CLASSROOM ON THE MOV.** The revolutionary learning space that promotes motivation and student well-being. Worksurfaces (shape tables and desks) provide limitless flexibility for students to create their optimal learning space.

SECONDARY GRADES: 7-12

**STANDING HEIGHT CAFE.** Learning anywhere at any time. Secondary students are accustomed to learning in non-traditional spaces. For the interactive English, Social Studies, or World Language classes, create environments that promote socialization and communication. Standing height desks with stools provide relaxation for students and give teachers the flexibility to push together or pull apart.

ALL GRADES: K-12

**TRADITIONAL MEETS COLLABORATIVE.** A blend of individual and group worksurfaces to configure the room based on the learning activity. Great set up for station rotation, guided instruction, collaborative and individualized work. Flexible seating (chairs, movement and soft seating) allows for comfort and student choice within the classroom.
