**Other Discover Shapes**

**24" Screens may be used on the following shapes/sizes:**

3P3060 (3), AP2440 (2), AP3050 (2), BR2046 (2), EX3054 (2), SQ36 (4), SQ42 (4), WG3060 (3), Student Desks RC2026 and RC2034

**36" Screens may be used on the following shapes/sizes:**

HR2448 (1), SQ48 (4)

**60" Screens may be used on the following shapes/sizes:**

HR3672 (1)

**The following shapes support multiple sizes of screens:**

BR3072 (2 – 24" & 2 – 36"), TZ3060 (3 – 24" & 1 – 36")

## SCREEN INSTALLATION

All Teacher desk tops come pre-drilled from the factory for installation of screen brackets. The approach side of the desk has two pre-drill locations depending upon desired screen application. See below for appropriate hole pattern.

<u>Application</u>	<u>Pre-Drill Location</u>
Modesty Screen (12" h)	A
Privacy Screen (12" h)	B
Combination Screen (22" h)	B

Note: Discover Shape Tables are NOT pre-drilled See Figure 1 for recommended hole locations.

**Figure 1** Recommended Pre-Drill on Rectangular Tables Only  
 Note: not all tables support above pre-drill locations

1. Once proper pre-drill location is determined and with the desk in the upside down position, attach each L-bracket to top using the included #12 x 3/4" Philips head wood screws. **NOTE:** It may be easier to not fully tighten screws as this will help with alignment.
2. Using a 5/32" allen wrench and included button head machine screws, attach screen to each of the L-brackets.

3. Tighten all fasteners and if needed, use two installers to flip the desk or table to the in-use position
