### Trek + Wanderer Desks

Personal work surface for 1-to-1 devices.

### Organic Shape Tables

Configure together (Nebula, Expanse, Nova, Gravity) for large work surfaces to promote collaboration.

### Lounge Seating

Promotes comfort and bridges home to school creating the feeling of safety.

### Flip + Nest Tables

Move out of the way or use as room dividers. Markerboard tops enhance other writable surfaces where students can show what they know.

Artcobell's "intelligent curve" allows our most popular Shape Tables (Expanse, Nebula, Gravity, and Nova) to be paired with individual student desks (Intrepid, Wanderer, and Trek) for unlimited configurations.

### In today's learning spaces:

- ✓ Flexibility is key to actively engage students into the learning activities.
- ✓ Promote collaboration activities to encourage social interactions for students to practice and interpret social cues and body language.
- ✓ Multi-functional classrooms let students control the environment to personalize experiences by creating the spaces they need for learning.
