Discover Four Leg Stacking Music Chair

Discover D100 music chairs are available in 18" seat height. Stacks 5 high.

Shell

Shell is one-piece, injection-molded polypropylene with anti-static additive. Color is dispersed across the polypropylene for an even appearance. Enhanced water-fall front edge and biometric design allows comfortable seating. Contoured shell geometry allows rear facing seating position. Fifteen integrated wrap around ribs are provided for shell strength along with nesting scallops on both sides of shell that allow shells to nest and eliminate movement when stacked. Both sides of the shell are textured and constructed with a handle in the upper portion of the shell with smooth edges for ease when carrying. Shell is permanently attached to the frame with six non-load bearing steel rivets for 12",14" seat heights.

Frame

Frame is constructed of 11/8", 18-gauge tubular steel on all 12" and 14" seat height frames; 16" and 18" seat height frames utilize 11/8", 16-gauge tubular steel. All size frames are welded to two 14-gauge steel support braces with a continuous weld on all four connection points. Frames are available in nickel chrome or powder coat finish; completed after welding for improved aesthetics.Frame is engineered at the proper angle to support upright posture.

Glides

Standard with nylon swivel glides. Glides are secured to the leg tube with an internal star clip. Glides are available in steel and full-surface nylon options.

Compliance

> Rated for use up to 250lbs.

- > Indoor Advantage[™] Gold. Indoor air quality certified to SCS-EC10.3-2014
- > Tested to applicable ANSI/BIFMA Furniture Standards
